

## Women Build

est. 1998

### 2023 Sponsor Opportunities

#### What is Women Build?

Women Build is a community building effort in which women from our area join together in a multi-month effort to build affordable homes for lower income, hardworking families in our community. Macomb County Habitat for Humanity's Women Build Team is made up of dozens of women and organizations who build, fundraise, and advocate for families in need of affordable housing. Through their efforts, twelve families have achieved the American dream of home ownership.

Macomb County Habitat for Humanity's Women Build relies on contributions from area businesses and individuals to improve lives, bring people together to make a difference, and create a world where everyone has a decent place to live.
